

2021 COMPANY PICNIC

27TH ANNUAL PICNIC

PICNIC AT THE LAKE

Racey Engineering, PLLC employees and their family members were able to gather at Lake Arrowhead in Luray, VA for the company's 27th annual picnic on Friday, October 15, 2021. At the picnic, we ate great food that was prepared by employees and local businesses. After the meal, the employees and their family members engaged in games, dessert, and conversation. The adults played cornhole and the kids played tag and were able to play on the swing set.

PICNIC HIGHLIGHTS

Racey employees integrated with other departments within the company, met other employee's family members, and overall had a wonderful evening full of good food and fun.

This picnic was especially fun with the added Boss's Day celebration. Pat and Chris Racey, the owners of the company, were recognized and thanked for all the work that they put in to make this business a wonderful place to work.
